

MOTIP Petrol System Cleaner Plus

Ord.-no.: 090630

Technical Information

Reliably remove contamination in the entire fuel system of your car's petrol engine with MOTIP Petrol System Cleaner Plus. Petrol System Cleaner Plus is suitable for all petrol engines. Removes contamination from the entire fuel system caused by operation, from the tank to the combustion chamber. Dissolves resins and gums in the carburettor and the injection system. Removes coking and unburned carbon residues from the upper cylinder area. Binds moisture and condensed water in the entire fuel system. Lubricates and protects the upper cylinder area.

Quality & properties

- Clean and powerful combustion and highly efficient engine running
- Reduces fuel consumption
- Improved engine performance and reduced exhaust gas emissions
- Protects against corrosion and considerably prolongs the life span of the fuel system and the catalytic converter

Physical & chemical data

- Colourname: no colour
- Vapour pressure: 440/50 bar
- Flash point: -9 °C
- Content: 300 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Add to the fuel tank every 6 months or every 10.000 km before filling up. Product works during operation. Sufficient for up to 60 liters of petrol. For larger tank volumes add 0,5% of the filling content.
- Attention: Cleaning fluid – no fuel replacement!

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.
