

MOTIP DPF Cleaner

Ord.-no.: 090642

Technical Information

Reduce soot and exhaust gas emission with MOTIP DPF Cleaner for improved performance of the diesel engine in your car. DPF Cleaner is a high-performance additive for use in all diesel aggregates to increase engine performance. Compatible with all diesel engines and suitable for all types of diesel fuels.

Quality & properties

- Protects the diesel particulate filter and the environment
- Increases cold start properties
- Regular use helps keep the filter clean and avoids expensive repair works
- Reduces soot formation and supports regeneration of the diesel particulate filter

Physical & chemical data

- Colourname: no colour
- Flash point: 68 °C
- Content: 300 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Add regularly, every 5.000 km right before filling up the tank. Sufficient for 60 liters of diesel fuel. The products works during operation.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

As of August 17, 2022 – This release replaces all eventually earlier issued versions.
