

## MOTIP Chain Oil Sport

## Technical Information

Lubricate the chain and sprockets of your race, mountain or cross bike with MOTIP Chain Oil Sport. The lubricant preserves the lubricating effect of your bike chain and sprockets. Chain Oil Sport is most suitable in dry conditions and has the advantage that it repels dirt. Chain Oil Sport is water repellent, prevents wear and is resistant to all weather conditions. In wet weather conditions we recommend Chain Oil Ultra.

**Ord.-no:** 000280

---

### Quality & properties

- Low friction factor for minimal resistance
- Outstanding lubricating properties at heavy load
- Prevents wear
- Reduces the adhesion of dirt
- Resistant to weather influences
- Water-repellent

---

### Physical & chemical data

- Base: Synthetic oil
- Colourname: no colour
- Smell: Characteristic
- Surfaces: Chain and gear wheels (Bike)
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Flash point: 174 °C
- Storage stability: 10 years
- Content: 100 ML

---

### How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Best processing temperature 10 to 25°C.
- Clean the chain and the gear wheels. Apply chain oil in two thin layers.
- For an optimum result, slowly rotate the chain after treatment.

### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of August 4, 2025** – This release replaces all eventually earlier issued versions.
